

DIRECTIONS FOR USE

CORN

- Apply 1 pint/acre in-furrow at planting - or -
- Apply 1 pint/acre with starter fertilizer at planting - or -
- Apply 1 pint/acre in broadcast spray from 6th leaf stage until tasseling (V6-Vt)
- **Apply 1 pint/acre along with late-season fungicide sprays**

Note: -It is only necessary to use a single treatment per season.

-Earlier application will provide better protection from drought and potential herbicide damage.

-When comparing **Bio-Forge** with late-stage fungicide treatments, foliar spray 1 pint/acre at the V12 stage before tassel emergence.

CORN SILAGE

- Apply 1 pint/acre at the V6-V7 stage.

SOYBEANS

- Apply 1 pint/acre in-furrow at planting - or -
- Apply 1 pint/acre with liquid starter fertilizer -or-
- Apply 1 pint/acre at pre-flowering - or -
- Apply 1/2 pint/acre along with the foliar nutrient mix when using a pre-flowering foliar fertilizer application - or -
- Foliar apply 1 pint/acre at the R4 to R5 stage of growth
- **Apply 1 pint/acre along with late-season fungicide sprays**

Note: - Only one of the above application per season is recommended on soybeans.

- Testing has shown the when used with fungicide, Bio-Forge can be applied at 1 pint per acre when fungicides are applied.

WHEAT

- Apply 1 pint/acre along with post-emergent herbicides - or -
- Apply 1/2 pint/acre along with late-season fungicide sprays.

COTTON

- Apply 1 pint/acre in-furrow at planting - or -
- Apply 1 pint/acre with starter fertilizer at planting - or -
- Broadcast 1 pint/acre at MHS (Match Head Square)

Note: - Only one of the above application per season is recommended on cotton.

RICE

- Foliar apply 1 pint/acre 2 days prior to permanent flooding. **Bio-Forge** will help the plants access oxygen after flooding, a period normally associated with the yellowing of plants. See restrictions.

ALFALFA, MIXED HAY & GRASS HAY

- Foliar apply 0.5 pint/acre. Only 2-4 applications per season.

ALL OTHER CROPS

- Broadcast foliarly 1 pint/acre after plants have 3 true leaves until the time of flowering.

CONDITIONS OF SALE: 1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one, other than an officer of Seller, is authorized to make any warranty, guarantee of direction concerning this product. 2. Because of time, place, rate of application and other conditions of use are beyond sellers control, Sellers liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price.
